I am Darius.

My grandma Charli is HIV-positive.

A Message From Our Board President & Executive Director

Providing direct services to individuals living with HIV/AIDS has always been central to The Aliveness Project's mission. In the earliest days of this pandemic — when little was known about the virus — a small group of individuals gathered together in homes to support each other and share potluck meals.

From that small beginning emerged a vision of The Aliveness Project, which has since grown to become a regional leader in serving the needs of those affected by HIV in Minnesota.

On behalf of our members, Board of Directors, volunteers and staff, we want to express our gratitude to people like you who have generously supported the services provided to 1,517 members living with this disease in 2008.

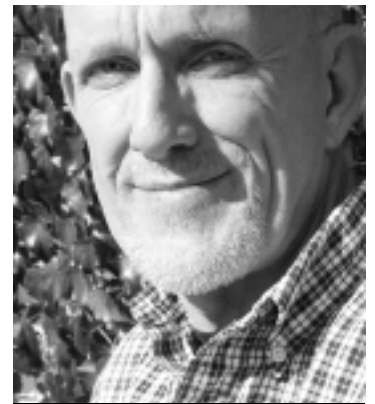

The hot meals, food shelf, case management, educational programs, integrative therapies, pet clinics, holiday baskets and other services really do make a difference each day. For those who come to us feeling rejected, sick and hungry, The Aliveness Project empowers them to find ways to improve their health and live with dignity.

To the hundreds of volunteers who have served meals in our dining room, filled a food shelf bag, worked on a committee, helped with fundraisers, provided healing therapies, delivered holiday baskets, and assisted with many other tasks, we express a sincere “thanks” for caring enough to get involved and for helping to enrich the lives of our members.

We are especially grateful for our dedicated staff, who work hard to help our members receive the support and assistance they need. Whether they serve as a case manager, grant writer, receptionist, fundraiser, cook, accountant, food shelf assistant, volunteer coordinator, or educator, each of our staff daily demonstrates a sincere commitment to our mission and members.

This has been a very challenging year for many nonprofits. We humbly thank our donors, volunteers, funders and community for their continued support during this difficult time.

We are proud to be part of a community that takes care of those who are sick. Thank you for remembering those living with HIV/AIDS and making it possible for them to live with dignity.

**I finally came to realize that I am not
"dirty" because of my HIV status.**

The first cases of HIV/AIDS were reported in the United States in June of 1981. Since that time, more than 1.7 million people in the U.S. are estimated to have been infected with HIV. That number includes more than 580,000 who have already died and at least 1.1 million Americans living with HIV/AIDS.

The number of people living with an AIDS diagnosis increased in recent years from approximately 290,400 in 1998 to 468,578 at the end of 2007 (most recent year for national statistics), with a cumulative total of 1.05 million cases of AIDS since the beginning of the epidemic.

In 2008, the Centers for Disease Control and Prevention (CDC) estimated that approximately 56,300 people were newly infected with HIV in 2006 (the most recent year that data are available). This was a substantial increase over previous estimates of 40,000 new infections per year.

Among adolescents and adults, 73% of new cases were male and 26% were female. Individuals between the ages of 25 and 44 made up the largest proportions of newly diagnosed cases. 53% of new cases were men who have sex with men, 30% were heterosexual, and 16% had a history of injection drug use (IDU).

The HIV epidemic disproportionately affects people of color. In 2006, 49% of newly diagnosed cases were African American and 18% were Hispanic (only 30% of new cases were white.)

The Face of HIV/AIDS

According to the Minnesota Department of Health, since 1981 there have been 8,819 cases of HIV infection in our state. In 2008, there were 326 new cases of HIV infection (compared to 326 in 2007 and 318 in 2006). During the past three years, we have seen the highest number of new cases reported per year since the mid-1990s.

At the end of 2008, 6,220 individuals reported to be living with HIV in Minnesota. This is a 35% increase since 2002. Similar to the national epidemic, people of color make up a large portion of statewide cases. Men of color make up 12% of our state's male population, but 38% of the men living with HIV. Similarly, women of color make up 11% of females in our state, but 69% of women living with HIV/AIDS.

Some additional 2008 statistics include:

- ✓ 63% of new cases are gay/bisexual men.
- ✓ New infections among young men (ages 13-24) have doubled since 2001. Most of these cases were men who have sex with men.
- ✓ Cases among white men and men who have sex with men increased by 13% in 2008.
- ✓ The number of cases among those over the age of 45 has increased from 31% of cases in 2002 to 47% at the end of 2008.
- ✓ One in three people who tested HIV-positive last year were "late-testers" — meaning they had already progressed to full-blown AIDS by the time they tested HIV-positive.
- ✓ Currently, there are more Minnesotans living with HIV than ever before and, as a result, more people in need of the services offered by The Aliveness Project.

Our Volunteers

Our phenomenal team of caring volunteers is truly the heart of The Aliveness Project!

In 2008, over 1,000 individuals served as volunteers! These volunteers came to us as individuals and from a variety of community and workplace groups. Together they contributed an more than 30,000 hours!

Last year, our volunteers included:

- ✓ Members of The Aliveness Project.
- ✓ Community members who have a personal concern for people living with HIV/AIDS.
- ✓ People from a wide range of ages — from children to teenagers to senior citizens.
- ✓ Residents of the Twin Cities — however, some travel from Duluth, Rochester and other parts of Minnesota. Our volunteers also come from other states and countries throughout the world.
- ✓ Volunteer teams from corporations, schools, colleges, and faith communities — with significant increases in the number of individuals from all these groups.

THE VALUE OF VOLUNTEERS!

The Aliveness Project could not exist without volunteers! Their collective work is invaluable. For 2008, the Independent Sector estimated that volunteer time was worth \$20.25 per hour.

What this means is that our volunteers' efforts last year have an estimated value of more than \$607,000! We would need to increase our annual operating budget by at least 80% or hire 14 full-time staff to complete the work of these committed volunteers!

Volunteers play a vital role at all levels of our organization and programs, including:

- ✓ Annual volunteer recognition event
- ✓ Board of directors
- ✓ Building/facilities
- ✓ Data entry
- ✓ Dining Out For Life
- ✓ Errand drivers
- ✓ Fall fundraiser
- ✓ Food shelf program & food drives
- ✓ Fundraising events
- ✓ Hair cuts
- ✓ Holiday basket program
- ✓ Housekeeping and maintenance
- ✓ Integrative therapies
- ✓ Kickball, bowling and sledding parties
- ✓ Kitchen helpers
- ✓ Library
- ✓ Membership Advisory Committee
- ✓ Minnesota Red Ribbon Ride
- ✓ Newsletter & mailings
- ✓ Office assistants
- ✓ Pet clinics
- ✓ Professional consulting
- ✓ Reception desk
- ✓ Twin Cities Pride booth

Thanks, Volunteers!

The Aliveness Project
acknowledges and thanks
our 2008 volunteers!

Please accept our apology
if we inadvertently
omitted your name!
